PRIVATE PHOTO SUBMISSION

Get your student portrait in the yearbook.

If your student could not come to school to take a professional portrait through our school's photography company, now is your chance to submit your own student portrait via our private photo submission site for the yearbook.

How? Follow the steps below and submit your portrait (head and shoulders shot) before the deadline. Photo can be taken with your phone's camera.

The last day to submit your photos is:

Requirements:

*Photo must be a vertical, head and shoulders shot. We can't accept horizontal shaped photos. This is very important! Make sure you are holding your phone or camera correctly like this, when taking photo.

*JPEG file format only.

- This is the file format that most cameras use.
- The camera for an iPhone needs to be set at "Most Compatible" format under settings. See instructions at bottom of flyer and set this up before you take the photo.

*Hold your camera steady when taking photo and if you save before submitting, please make sure you are saving at highest resolution or largest file size.

Correct!

Helpful Hint: Our phones take high quality photos! However, if you have an iPhone, please go to **SETTINGS>CAMERA>FORMATS>**and check mark **MOST COMPATIBLE**. This will change your photos to a JPEG file format needed to ensure great printing quality in the yearbook.
